

# MORGAN PLAN NOT USED BY FARMERS' SUPPLY MERCHANTS

Supply Merchants Have Opportunity To Perform Signal Service to South.—Chamber of Commerce Says "Buy a Bale of Cotton."

At this time Dothan is receiving considerable advertising on account of a cotton plan that was first suggested in The Dothan Eagle Thursday, September 10, one week ago, by Mr. L. E. Morgan, writing under the non de plume of "A Business man."

The plan suggested by Mr. Morgan has received much favorable comment, and is no doubt doing some good, especially in the way of emphasizing the fact that Dothan is progressive and does not fear taking the initiative in a crisis.

As Mr. Morgan suggested in his article: "If the business men of Dothan will advise the farmers that they will accept cotton in payment of all, or a portion of their indebtedness, on a basis of 10 cents a pound, it would have a most beneficial effect."

Supply Merchants Inactive.

Unfortunately the plan suggested by Mr. Morgan has not been adopted by the merchants of Dothan who cater to the farmers' trade. Local merchants who do a general supply business for farmers, have not adopted the plan.

In this connection it might be well to add that some Dothan merchants have accepted the plan, but they are largely merchants who have been carrying practically no accounts with farmers. The supply merchants who have accounts with farmers on their books, have held aloof so far.

If local supply merchants could be made to see the feasibility, the great possibilities of the Morgan plan to assist the farmer; if they would brace up and have great courage, they could perform a signal service for their country. The opportunity is before them, and they alone are empowered to bring about the real, not pretended, betterment of conditions relating to the cotton crisis.

**A Fine Spirit.**

It is true that the merchants who have agreed to pay part cash and take part in trade for ten cent cotton, have shown a most "magnanimous spirit," but it is unfortunate that they are not the class of merchants who do the most business with the farmers; in other words, they cater mostly to the city trade and general trade, and not specifically to the farmers' business, as do the "supply merchants," and they sell on a cash basis. It does not look as if the initiative taken by the merchants who have adopted the plan, would serve as an inspiration to those who could accomplish results by joining in the movement.

**Two Leading Plans.**

There are now two leading plans being agitated for the relief of the cotton belt. The leading plan, which is endorsed by all the Hearst papers, and which is receiving the most publicity, is the "buy a bale of cotton" plan, first suggested, it is said, by The Rome Tribune Herald, of Rome, Ga. This plan is simple.

ten cents a pound, and take the cotton off the market, and hold it until the price advances to a reasonable degree. This is the plan endorsed yesterday by the Dothan Chamber of Commerce.

**Morgan's Co-operative Plan.**

The next plan is what might be called the co-operative plan, as first suggested in The Eagle by L. E. Morgan, and which would indeed be a wonderful plan if the farmers' supply merchants would adopt it. Here is the plan in Mr. Morgan's own words as outlined on the first page of The Dothan Eagle, Thursday, September 10:

"If the business men of Dothan will advise the farmers that they will accept cotton in payment of all, or a portion of their indebtedness, on a basis of ten cents a pound, it would have a most beneficial effect."

In another place Mr. Morgan says: "The merchants of the South can therefore well afford to take cotton on accounts on a basis of 10 cents a pound to the farmer. This will be an immense help. It will encourage the farmer, help sustain the market right now as the cotton need not be sold."

The plan which has found favor with the Dothan Chamber of Commerce is the "buy a bale of cotton" plan. It was officially endorsed by the directors of that organization yesterday afternoon.

**Outside Aid Sought.**

Following the action of the Chamber of Commerce, a number of circular letters were printed which will be mailed by Dothan merchants to wholesale merchants in the various cities with whom they do business. The circular urges these out-of-town dealers to buy a bale of cotton, or more, through some Dothan bank.

Following is the circular:

**The Circular Letter.**

"You have probably heard as much about the War as you desire to hear. We merchants of the South have heard more than we are able to hear. Cotton being the only commodity of any cash value, the war has cut the price one-half, which has caused business to stagnate beyond your conception. In fact, business is absolutely at a standstill, and unless the whole of the United States comes to our rescue, we will suffer."

"The 'buy a bale' movement is the best solution that has been thought of so far. We believe that you are in thorough sympathy with any movement that will help the South to tide over this present depression."

"You can help us by buying as many bales of cotton at ten cents per pound as you are able to hold. We are doing this ourselves insofar as we are able. If you can help us carry out this idea, it will no doubt rebound to your benefit. Cotton immediately before the war was selling at thirteen cents per pound. In our opinion, there is always a surety of ultimate profit in purchasing today at ten cents per pound."

"If this letter appeals to you, and we believe that it does, will you kindly write us your desires in the matter, and we will arrange to purchase this cotton for you DIRECT."

# FIRE ARMS ARE STOLEN BY BOLD NIGHT ROBBERS

Eleven Revolvers, Four Shot Guns, and a Quantity of Cartridges Taken from Porter's Hardware Store Last Night.

Eleven revolvers, four shot guns, two rifles and a quantity of cartridges, were stolen from the Porter Hardware Company, East Main street, at some hour last night or early this morning.

Entrance to the building was gained by sawing an iron bar and breaking a window glass at the rear of the house. The cut through the iron bar is clean, showing that a very sharp saw was used. The bar was twisted back out of the way, and a window glass broken. Just enough of the glass was taken out to permit the passage of a body.

Most of the loot was obtained from the show window on the right at the front of the building, while several of the guns were taken from the gun case near the front of the store, after the lock had been picked.

The case is baffling to the police department, but they are hopeful of solving the mystery, and effecting the arrest of the burglar or burglars. Owing to the amount of stuff taken, it is believed that a wagon or some conveyance was used in moving the fire arms away from the alley back of the store.

The police have been very successful in handling burglary cases, and it is hoped by the proprietors of the store that the officers will be successful in unravelling this mystery.

Only one gun was left in the show window, and one of the clerks said "you may say in your story that if the burglar will lend their address, we will be pleased to send them the gun they left."

## LOUVAIN MASS OF FIRE SWEEP RUINS

New York, Sept. 17.—That the beautiful and historic city of Louvain is a mass of fire-swept ruins is shown conclusively by a series of photographs just received by the International News Service from a staff photographer.

The ancient town hall and American building are the only structures of consequence that escaped German destruction or damage.

## MINERS ACCEPT PRESIDENT'S PROPOSITION

Washington, Sept. 17.—Colorado miners today notified the President they would accept his proposition for a three-year armistice in the strike war and return to work on acceptance by the operators by the president's proposal.

## GERMAN REINFORCEMENTS POURING INTO FRANCE

Amsterdam, Sept. 17.—Great masses of German troops are pouring through Chappelle and Liege to reinforce the armies in France.

**LOST**—Double gold watch chain, with locket, engraved J. B. W. Lost between Strickland Bros. and Nix.

# REPRESENTATIONS OF PEACE AGAIN MADE TO KAISER

Berlin, Sept. 17.—Informal peace representations were again made to the Kaiser by the United States and reply sent to Washington. It is reported that the Emperor said he will place no obstacle in the way of peace but will enter no negotiations that threaten the territorial integrity or commercial resources of the empire.

## REPORT OF FRENCH VICTORY UNTRUE

Washington, Sept. 17.—A wireless to the German embassy declares that French and English reports of victories are untrue.

## GERMAN RIGHT WING ATTACKING ALLIES

Paris, Sept. 17.—The reinforced German right wing suddenly assumed the offensive and is strongly attacking the allies.

It is officially stated that fighting continues heavy all along the line.

## 60,000 WOUNDED SOLDIERS ARE NOW IN VIENNA

Vienna, Sept. 17.—More than sixty thousand wounded soldiers have already arrived here from the fighting in Galicia. Hospitals are overflowing and huts have been constructed to care for the wounded. The number of doctors and nurses is insufficient and food is scarce.

## GREAT BRITAIN APPOINTEES TO U. S.

Washington, Sept. 17.—Great Britain today apologized for Sir Lionel Carden's criticism of Wilson's Mexican policy.

# FAREWELL OF SALVATION ARMY LEADERS

Adj. and Mrs. Grimshaw and Envoys Watson of the local Salvation Army, will hold their farewell service on Sunday night at 8 o'clock.

During the command of Adjutant Grimshaw and his wife, much good has been done. In their six months labor in the city, the number of meetings held out on the streets, 142; indoor meetings held, 72, 214 in all; conversions during this time, 31; needy families helped with clothing, groceries, etc., 41; number given transportation, 6; rescue of fallen girls sent to Army home, 1; families prayed with, 67; number made into local Salvation Army soldiers, 2; Sunday School organized with 39 children; day's outing for children number 59; home burned out Aug. 13, new home established, August 16. Work going on splendidly. Their hall on East Main street too small on Sunday night. The interest is still growing.

The Adjutant and his wife wish to thank the people of Dothan for the noble way in which they have stood by them during their stay. May the good work of the Army go on to still greater victory.

The new officers who will take the place of the Grimshaws will be announced.

# COAST LINE TRAIN WRECKS

Four Persons Injured in Wreck Near Grady Station Last Night.

Montgomery, Ala., Sept. 17.—Narrowly escaping sudden death, four persons were injured and seventy-five others were severely shaken up last night at 7:30 o'clock, when the Atlantic Coast Line passenger train No. 58 left the rails thirty miles from Montgomery, near Grady station.

Although the entire train, with the exception of two Pullman cars, left the track, no one was killed and only one was seriously injured, this being the negro fireman, Jim Jackson, of Montgomery, who was pinned in the cab of the engine when it turned over.

When the train left the rails on a slight curve about one-half mile this side of Grady, it was running at a speed of about thirty-five miles an hour, according to Engineer Allen Poundstone. The train was about twenty minutes late and was in charge of Conductor William B. Davis, who resides at 416 Mildred street, Montgomery.

It consisted of one steel-framed baggage car, a solid steel mail car, two steel-framed day coaches and two Pullman cars.

Those injured were Jim Jackson, negro fireman, badly scalded and bruised; E. H. Long, express messenger, back sprained; Mrs. Charles Page, Wauchula, Fla., back sprained, and W. T. Whitely, Birmingham, broken ribs.

Jim Jackson was the only person seriously injured and he will live. He was pinned in the cab of the engine at the time the accident occurred and was badly scalded by the steam that escaped from the water glass. He was pinned beneath the wreckage and it required almost an hour to extricate him from the debris. His sufferings were intense as the rescuers worked to save him from death had it not been for the fact that his body was covered with coal from the tender, he would have been scalded to death, according to the passengers.

## GENERAL MUENE A PRISONER.

Alders, Sept. 17.—General Muene, who commanded the German soldiers in the destruction of Louvain, is in prison here. He will be court martialed for violating the rules of modern warfare.

## DALACE TODAY

Lubin presents a comedy cartoon—

## A Sirenuos Ride

Selig comedy-drama

## The Uphill Climb

Emmy drama, featuring Frances X. Bushman in—

## Yarn Atangle

Opening this afternoon with Dan Patch, the premier black face comedian, here in February with Ceburn's minstrels.

# GERMANS RUSH THOUSANDS OF TROOPS TO FRANCE

Petrograd, Sept. 17.—Eight German corps—three hundred and twenty thousand men sent to repel the Russian attack in East Prussia. It is believed by the general staff that these troops will be used for the final desperate blow at the allies. Their withdrawal makes Russia's task easier and the German forces are falling back steadily into Silesia.

Two hundred thousand Austrian prisoners have been put to work gathering Russian crops and repairing the roads.

## FARM FOLKS ARE LEARNING

1. They are beginning to quit farming by signs of the moon and beginning to farm by sense of the earth.
2. They have quit "laying by" by the time of the year and are beginning to "lay by" by the condition of the crop.
3. They no longer buy fertilizer by the small of the goods, but are beginning to buy it for the plant food it contains.
4. They are beginning to realize that there is no sense in killing Southern grass all summer and buying Western grass all winter; nor in paying freight and brokers' charges on Western corn and meat when we can raise them here without these extra charges.
5. And especially do they realize that it doesn't pay both to pay the freight on hay and buy nitrogen in sacks, when clover, vetch and cow peas will not only furnish cheap feed but gather fortunes in nitrogen "free gratis" from the air above us.
6. They are beginning also to see that it is cheaper to use horse-labor that needs food but not clothing than human labor which needs both food and clothing—and cheapest of all to use a minimum of machinery which requires neither food nor clothing.
7. They see, too, that the main question is not how much we make, but how much we keep, and that time prices and foolish marketing may keep men poor at spite of wise production.
8. And finally they are beginning to realize that just as there is many a load which one horse working alone would never hudge but which several horses hitched together pull easily, just so there is many a plan for the farmer's benefit which farmer's single hands can do nothing with, but which a group of farmers hitched together can easily accomplish.—The Progressive Farmer.

There have been enough corn fields ruined this year by laying by with a turning plow after cultivating on a ridge to convince any one who is open to conviction that level, shallow cultivation is best. Some men will remain unconvinced, but many of those who have been so "set in their ways" have at last seen their error, and while the remedy is a hard one it will certainly lead to a better method in the future.—The Progressive Farmer.

## RUSSIAN ARMY RECALLED

London, Sept. 17.—Recall of the Russian army from the front.

# 5,000 GUNS ENGAGED IN ARTILLERY DUEL

Paris, Sept. 17.—The battle of liane continues with five thousand guns engaged in the greatest artillery duel the world has ever known. Germans have thus far repulsed the efforts of the allies to drive them from the hills north of the river.

Allies at the other end of the line are endeavoring to cut off General Von Kluck, who commands the German right wing. Fighting at this point is deadly on both sides with the British forces concentrating their attack near Soissons. The allies have forced three crossings of the Aisne under terrific German fire. No news from the center and eastern part of the battle line.

## RAILROADS PLAN TO RUMPER RATE CASE

Washington, Sept. 17.—The Eastern railroads have formally notified the Interstate Commerce Commission of their intention to ask for reopening of the advance freight rate case. When the petition will be filed and the probable scope of its appeal has not been indicated.

Commissioner Clark told of the informal notice after a meeting yesterday with President Willard of the Baltimore and Ohio railroad.

Mr. Willard, who is chairman of the committee of eastern railroad men was in conference yesterday with a large committee of railroad executives, representing the New York Central, the Pennsylvania and the Erie.

Whether the roads want of Buffalo and Pittsburg, which were granted increases in the advance rate decision wouldn't ask for further relief has not been indicated.

The railroad executives probably will continue in conference here for several days.

to the Service location. This case Arms Austrian reports that the Serbians were repulsed.

## SAXONHEAD

NEW YORK

## MRS. LYON'S ACHES AND PAINS

Have All Gone Since Taking  
Lydia E. Pinkham's Veg-  
etable Compound.

Terre Hill, Pa.—"Kindly permit me  
to give you my testimony in favor of  
Lydia E. Pinkham's  
Vegetable Compound.

When I first  
began taking it I  
was suffering from  
female troubles for  
some time and had  
almost all kinds of  
aches—pains in low  
or part of back and  
in sides, and press-  
ing down pains. I  
could not sleep and  
had no appetite. Since I have taken  
Lydia E. Pinkham's Vegetable Com-  
pound the aches and pains are all gone  
and I feel like a new woman. I cannot  
praise your medicine too highly."—Mrs.  
Abigails Lyon, Terre Hill, Pa.

It is true that nature and a woman's  
work has produced the grandest remedy  
for women's ills that the world has  
ever known. From the roots and  
herbs of the field, Lydia E. Pinkham,  
forty years ago, gave to womankind  
a remedy for their peculiar ills which  
has proved more efficacious than any  
other combination of drugs ever com-  
pounded, and today Lydia E. Pinkham's  
Vegetable Compound is recognized  
from coast to coast as the standard  
remedy for women's ills.

In the Pinkham Laboratory at Lynn,  
Mass., are files containing hundreds of  
thousands of letters from women seek-  
ing health—many of them openly state  
over their own signatures that they have  
regained their health by taking Lydia  
E. Pinkham's Vegetable Compound; and  
in some cases that it has saved them  
from surgical operations.

## HOW RED CROSS SEAL MONEY MUST BE SPENT

For the benefit of the numerous  
organizations who helped to sell  
nearly 45,000,000 Red Cross Seals  
last year and for the general public  
the American Red Cross and the Na-  
tional Association for the Study and  
Prevention of Tuberculosis have  
framed a definition of anti-tubercu-  
losis work showing how the proceeds  
from these holiday stickers are to be  
used. The definition limits the ex-  
penditure of money only for the year  
ending April 30, 1915.

The definition was framed at a re-  
cent meeting of the National Associa-  
tion for the Study and Prevention of  
Tuberculosis and states that the  
term "anti-tuberculosis work" as it  
relates to the expenditure of Red  
Cross Seal money shall include the

1. The construction of hospitals  
or sanatoria for the care of the tu-  
berculous.

2. The maintenance of the tuber-  
culous.

3. The provision of day or night  
camps for the tuberculous; the pro-

## WAKE UP THE LIVER

Liv-Ver-Lax puts the liver in tone  
to perform its proper functions, giv-  
ing new life, new vigor and  
strength to the entire system. Read  
what a prominent Texas farmer  
writes of Liv-Ver-Lax:

April 7, 1914.  
"I take pleasure in saying for  
publication that by the use of Liv-  
Ver-Lax I have been cured of a dis-  
ease which is correctly described by  
the recognized symptoms of Bil-  
iousness, Stomach and Liver trou-  
ble, Constipation and resulting com-  
plications and commend its use to  
all like sufferers. J. H. Brewer."

A. H. Cain, Witness.

A harmless vegetable compound,  
guaranteed to relieve all liver trou-  
bles, wonderful, quick and happy in  
results, having no nauseating, weak-  
ening effects like calomel. Sold in  
50c and \$1 bottles. Buy from drug-  
store or from Lohmann Co. (Gen-  
eral) Medicine Company, Lohmann  
Co., 1111 N. 1st St., St. Louis, Mo.

vision and maintenance of dispen-  
sary, visiting nurses, open air schools,  
fresh air classes, or dispensaries for  
the care of treatment of tuberculous  
cases or for the prevention of the  
spread of tuberculosis.

4. The maintenance of education-  
al or legislative activities which have  
for their object the prevention of  
infection with tuberculosis.

Dr. Charles J. Hatfield, executive  
secretary of The National Associa-  
tion says in commenting on this defi-  
nition, "We hope by this means to  
prevent the spending, particularly of  
small sums of money, in useless ac-  
tivities, and to direct the efforts of  
all anti-tuberculosis agencies along  
the lines which will produce most  
results for the money invested. We  
are in thorough sympathy and co-op-  
eration with every movement for  
better community or individual  
health, but if this Red Cross Seal  
money is to be spent, as we advertise  
only for tuberculosis work, we wish  
to see that it is expended to the best  
advantage."

## LAW HAS NEW POSITION

Henry B. Law, who has been sell-  
ing Hupmobiles for twenty years,  
has accepted a position with the J.  
C. Walden Auto Company to sell a  
new motor car, electrically equipped,  
that this company will offer to the  
trade. Law is an experienced sales-  
man.

In the United States there is a  
yearly average of 200,000 cases of ty-  
phoid, with 25,000 deaths. The death  
rate from typhoid in the large Ameri-  
can cities is five times as great as in  
the large European cities—25 per  
100,000 here and 5 per 100,000 in Eu-  
rope. Here is the duty of the layman  
obvious—to force his local govern-  
ment to supply uncontaminated water.

## Tremendous Wind Velocity

A cyclone is freakish, but its pranks  
enable scientists to gather certain  
facts about it. First of all, the velocity  
of the wind can be calculated to a cer-  
tain extent. The whirling speed of the  
cyclone is tremendous. The average  
velocity within the vortex of 600 such  
storms was found to be 232 miles an  
hour, the minimum being 210 and the  
maximum 800.

## Sim and Mrs. Sim

"The difference between me and  
him," said Mrs. Sim Heckle yesterday:  
"is that Sim preaches economy and  
practice it."—Topeka Capital.

## How To Give Quinine To Children

FRUITLINE is the trade-mark name given to an  
improved Quinine. It is a Tropicana Syrup, pleasant  
to take and does not disturb the stomach.  
Children take it and never know it is Quinine.  
Also especially adapted to adults who cannot  
take ordinary Quinine. Does not nauseate.  
Give it to your children and you will be glad to  
give it to the next time you need Quinine for any pur-  
pose. Ask for genuine original package. The  
same FRUITLINE is blown in bottle. 25 cents.

## Slightly Inappropriate

Here is the bishop of London's  
latest story. An old parishioner was  
extremely ill, and the prayers of the  
congregation were invited for him.  
During the service the news reached  
the vicar that he had passed away at  
the age of eighty odd. He sadly an-  
nounced this fact, and, as something  
really appropriate, the choir promptly  
sang "Brief Life is Here Our Por-  
tion!"

## RUB-MY-TISM

Will cure Rheumatism, Neu-  
ralgia, Headaches, Cramps, Colic,  
Sprains, Bruises, Cuts, Burns, Old  
Sores, Tetters, Ring Worm, Ec-  
zema, etc. Antiseptic Anodyne,  
used internally or externally. 25c

## Love's Romance Fades

At the age of 10 a man is apt to feel  
under everlasting obligations to the  
chap who married the girl he was  
spongy on at the age of 20.

## "Madame" Fitted Him

The friends of a certain senator say  
that, although it is admitted that some  
one used senate stationery to promote  
a mining scheme, it is very unjust to  
make any charge of dishonesty against  
the kindly old man. To illustrate his  
character, they tell this story: He  
was one of the funeral party that ac-  
companied the body of a distinguished  
senator to his burial place. On the  
return trip he went early to bed. The  
next morning his round, red face, de-  
void of hair, gentle of expression and  
wrinkled, was thrust out of his berth  
on the Pullman conductor passed by  
"Are we on time, captain?" called out  
the senator in his thin piping voice.  
"Just on time, madam," said the con-  
ductor, as he lifted his hat and passed  
on.

## STOP SUFFERING NOW FROM ASTHMA

Go to the drug store below and  
buy a package of Dr. Knapp's Schiff-  
mann's Asthmator today and if it does  
not give instant relief, and even more,  
if you do not find it to be the very best  
remedy you have ever used, go back and  
your money will be cheerfully returned  
by the druggist, without any question  
whatever. No matter what else has  
failed, Asthmator and Asthmator Cle-  
verton will give instant relief usually  
within 10 seconds, but always within 15  
minutes. It does not matter how violent  
the attack or obstructed the case is,  
or what else has been tried and failed.  
Asthmator will relieve instantaneously.  
If it does not, this package will cost  
you nothing. Go back and get your  
money refunded. You are the sole judge  
as to whether benefited or not. You run  
no risk in buying this remedy under  
this positive guarantee.

Persons living elsewhere will be sup-  
plied under the same guarantee by their  
local druggist or direct by Dr. R. Schiff-  
mann, St. Paul, Minn. For take here by  
N. H. McALLUM.

## Pest's Use in Medicine

Pest is used in medicine for anti-  
septic wounds and dressing, but its  
chief value to the physician lies in  
its employment for pest baths. Properly  
used, a pest bath is invigorating.  
Often workmen employed in the pest  
fields will have a pest poultice applied  
to some wound, this being considered  
locally as one of the best healing  
remedies that can be used.

## How to Tell a Small Town

A small town is one in which a sili-  
hat attracts as much attention as the  
fire department.—Atchison Globe.

## Luck

The luckiest man in the world is the  
man who can marry his sweetheart  
and have his sweetheart still.

## Silence is Golden

may pass for a sage.—Publius Syrus.

## Real Diplomacy

Diplomacy is the art of getting some-  
where when you appear to be going  
nowhere.—Smart Set.

## LIVE INSURANCE COMPANIES

They are Closely Overseeing Public  
Health Conditions.

## An examining physician for one

of the prominent Life Insurance  
Companies, in an interview on the  
subject, made the astonishing state-  
ment that one reason why so many  
applicants for insurance are rejected  
is because kidney trouble is so com-  
mon to the American people, and  
the large majority of those whose  
applications are declined do not even  
suspect that they have the dis-  
ease.

According to this it would seem  
that a medicine for the kidneys, pos-  
sessing real healing and curative  
properties, would be a blessing to  
thousands.

## Dr. Kilmer & Co., Bingham

N. Y., who prepare Dr. Kilmer's  
Swamp-Root, the well known kidney  
liver and bladder remedy, claim that  
judging from evidence received from  
druggists everywhere, who are con-  
stantly in touch with their custom-  
ers, and also indisputable proof in  
the form of grateful testimonial let-  
ters from thousands of reliable citi-  
zens, this preparation is remarkably  
successful in sickness caused by kid-  
ney and bladder troubles. Every  
interesting statement they receive  
regarding Swamp-Root is investigated  
and no testimonial is published  
unless the party who sends it is re-  
ported of good character. They have  
on file many sworn statements of  
recoveries in the most distressing  
cases. They state that Dr. Kilmer's  
Swamp-Root is mild and gentle in  
its action and its healing influence  
is soon noticed in most cases.

## Swamp-Root is purely an herbal

compound and Dr. Kilmer & Co. ad-  
vise all readers who feel in need of  
such a remedy to give it a trial; it  
is on sale at all drug stores in bot-  
tles of five sizes—50c, and \$1.00.  
However, if you wish \$1.00 to test  
this great preparation send ten cents  
to Dr. Kilmer & Co., Binghamton,  
N. Y., for a sample bottle. When  
writing be sure and mention The

## HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging  
Conditions, Mrs. Bullock Came  
Up in Despair. Husband  
Came to Rescue.

Cabron, Ky.—In an interesting letter  
from this place, Mrs. Bettie Bullock  
writes as follows: "I suffered for four  
years, with womanly troubles, and during  
this time, I could only sit up for a little  
while, and could not walk anywhere at  
all. At times, I would have severe pains  
in my left side.

The doctor was called in, and his treat-  
ment relieved me for a while, but I was  
soon confined to my bed again. After  
that, nothing seemed to do me any good.

I had gotten so weak I could not stand,  
and I gave up in despair.

At last, my husband got me a bottle of  
Cardui, the woman's tonic, and I com-  
menced taking it. From the very first  
dose, I could tell it was helping me. I  
can now walk two miles without stop-  
ping, and am doing all my work."

If you are all run down from womanly  
troubles, don't give up in despair. Try  
Cardui, the woman's tonic. It has helped  
more than a million women, in its 50  
years of continuous success, and appar-  
ently help you, too. Your druggist has  
sold Cardui for years. He knows what  
it will do. Ask him. He will recom-  
mend it. Begin taking Cardui today.

Write to: Chattanooga Medicine Co., Ladies'  
Advocacy Dept., Chattanooga, Tenn., for Special  
Instructions. Your case and a 64-page book, "How to  
Treat Your Troubles," sent by plain express. No  
charge.

## IT PAYS TO GET GOOD PAINT!

Protection and Beauty are the two great objects in painting. Paints that will peel or crack and let moisture give poor protection—and is a bad investment. Paint that has cheap colors which fade almost give beauty—and is a bad investment.

It costs no more to apply "High Standard" than poor paints, and it gives perfect protection and beauty. Lowe Brothers "High Standard" Liquid Paint sets in a close tight coat that gives perfect protection and long wear. Only fadeless colors are used, and you get lasting beauty.

That's why we sell and recommend "High Standard." We know it will give you best results.

### Floor Paint

This is a strong, hard-drying paint for floors, best decks and all places having hard wear, and is very durable. It comes in a variety of colors.

**Lowe Brothers**  
**High Standard**  
**Liquid Paint**  
**Mellotone**

### Floor Varnish

There is a difference in varnishes for floor use. Lowe Brothers Durable Floor Varnish is very tough and elastic, does not easily scratch or mar, and resists hard wear and discoloration.

Mellotone is the most perfect wall finish. Its soft tints are very beautiful, and absolutely fadeless. It is also washable, does not easily scratch or mar, and lasts much longer than wallpaper or other finishes. More beautiful, more durable more economical in the end. Ask for color cards.

## SOCIETY NEWS

TELEPHONE 644

At the heaven that gazed upon it,  
With no wave of hope or fear,  
But a storm had swept across it,  
And its deepest depths were stirred  
(Never, never more to slumber),  
Only by a word.

I have known a word more gentle  
Than the breath of summer air;  
In a listening heart it nestled,  
And it lived forever there.  
Not the heating of its prison  
Stirred it over, night or day;  
Only with the heart's last throbbing  
Could it fade away.

Words are mighty, words are living;  
Serpents with their venomous  
stings  
Or bright angels, crowding round us  
With heaven's light upon their wings.

**Why CALUMET BAKING POWDER Is Better**

It is not alone the wonderful raising qualities, or the certainty of results, or the purity, or the uniformity, or the economy, that is rapidly making Calumet the most popular Baking Powder. It is the perfect combination of all of these things.

You need only to use Calumet once to make you a constant user. Ask your grocer today to put it in your next baking. Trust on Calumet.

Every word man's lips have uttered  
Echoes in God's skies.

### ELWELL CLUB—

The members of the Elwell Auction Club were entertained very informally on Wednesday afternoon by Mrs. Eric Gellerstedt.

Auction Bridge was the game played, the prize, silk hose, was won by Mrs. G. M. Lewis.

The members present were Mrs. W. E. Cannady, Mrs. W. C. Fritter, Mrs. Alvin Payne of Panama City, Fla., Mrs. Joe Bennett, Miss Allen Wafford, Miss Evelyn Farmer, and Mrs. G. M. Lewis.

At the close of the afternoon an ice course was served by Mrs. Golsen and Mrs. Shea.

### MRS. BRYCE BUYS DALE OF COTTON—

Friday Mrs. Ellen Peter Bryce, of Tuscaloosa, bought a bale of cotton at 10 cents a pound, in order to help along the movement to hold the fleecy staple till better prices are obtainable. She bought the bale thru Mr. Frank M. Moody, who volunteered to make the purchase for her.

"This is a most commendable act on the part of Mrs. Bryce," says The Tuscaloosa Times-Gazette. "She has a heart in her that beats in sympathy with the trials and tribulations of humanity and with a generosity that should emulate, bought her bale, which she will hold till the clouds roll by. Let others do as Mrs. Bryce has done. You will get your money back and at the same time be helping some struggling farmer get his head above water while times are so hard. Just a little help now and all will be well. Let others emulate the example that has been set by this popular and beloved Tuscaloosan."

Miss Anna Saxon, of Dothan, was the guest yesterday of Miss Catherine Dent, en route to Dothan, where she will be a student the coming year at Agnes Scott. Montgomery

### WEDDING GIFT CONFIRMED—

A perfectly good wedding present has gone to war. Now you know that is no way for a wedding present to act, but this one really is not altogether responsible. It didn't volunteer. Neither did the giver or the givee volunteer for it. And the government that took it needed it, so you see that in the last analysis no one was to blame. The present was the beautiful motor car given to Mr. and Mrs. Chaucey McCormick, who were married in Paris less than a month before the war was declared. The car was presented by Mrs. McCormick's uncle, James Deering, at whose apartment the wedding took place. The car was requisitioned by the French government.—Chicago Record-Herald.

### JOHNSON-MULLEN—

Selma, Ala.—The following invitation has been issued:  
"Mr. and Mrs. William Marshall Johnson invite you to be present at the marriage of their daughter, Helen Howard, to Mr. Andrew Johnson Mullen, on Tuesday afternoon, October 6, 1914, at 2 o'clock, Church Street Methodist church, Selma, Ala."

The bride-to-be is one of Selma's most beautiful and charming young women and by her gracious manners and lovely disposition has endeared herself to a host of friends, who will be interested in her approaching marriage. Mr. Mullen is a popular young business man, being a member of the Cottrill Grocery Company.

Miss Johnson will be pleasantly remembered here where she has visited Mrs. Felix Walker.

### D. A. R. WAR FUND—

The Washington Post has the following item relative to the D. A. R. war fund:

"Mrs. William Cumming Story, president-general of the D. A. R., was received yesterday by the president, and conferred with him on the offer of the D. A. R. to the president to assist in aiding sufferers of the European war."

"The president advised that the D. A. R. send their contribution to the American Red Cross, which is the recognized government medium for such matters. Contributions from 100,000 daughters, many of whom have already expressed willingness to contribute, are to be sent to the treasurer-general of the D. A. R., who will turn the funds over to the Red Cross to be used in the most urgent cases, wherever the Red Cross may suggest, in an impartial manner."

"It is estimated that these D. A. R. contributions will bring in many thousands of dollars to the Red Cross funds for the European sufferers. The daughters are always quick to respond to any call in the name of humanity. During the Spanish-American war they did gratifying work with special nurses and the large sums raised to relieve the sufferers in that conflict."

"Mrs. Story, the president-general, prepared a circular letter, after her interview with the president yesterday, which she will send to every state and chapter regent thruout the country, calling upon them to rally the daughters in every state to raise funds for the special D. A. R. Red Cross fund."

**Kept at the Office.**  
Mrs. Brown always looks very drowsy when her husband comes home a little later than usual and says he has been "kept at the office." She never looks as if she believed the excuse, which, as a matter of fact, is quite genuine. But some wives seem incapable of realizing that their husbands really are kept late at the office sometimes, and nowadays competition is so keen that a man can't afford to go off at the tick of the clock if he wishes to keep his position. The sensible wife doesn't make a fuss when he is "kept late." She just notices that he looks more tired than usual, and lets him have his dinner and a smoke after in peace and quiet. And you usually find that the husband who receives this sort of treatment is never late home if he can possibly help it.

**Fire extinguisher.**  
It was quite by accident that the discovery was made that ammonia would extinguish burning oil. A bottle of ammonia saved a family great loss by fire. The gasoline stove sprang a leak and the fluid caught fire, spreading rapidly. One of the older children coming into the room could not reach the sink and get water to throw over the blaze as he thought ought to be done; but had enough presence of mind to pour over it the contents of an ammonia bottle that stood near. As it happened, it was the very best thing he could have done, as it quickly extinguished the fire which water could not do. Now the family keeps ammonia on hand in a two-quart sealed jar, anticipating the time when it may be needed again for the same purpose.

**Jam, From "Jamaica."**  
Jam seems to take its name from Jamaica, and is comparatively a modern luxury. Galt, in his "Annals of the Parish," states that the fashion of jam making was introduced into Scotland about 1760, when berry bushes were planted by "some of our young men that had been sailors coming from Jamaica," and the condiment was valued in the first place chiefly as "an excellent medicine for a sore throat." A writer in Hone's "Every-day Book," in 1826, deplored the fact that jam could not be "purchased at the shops as other articles of consumption are."

**Of Course That's It!**  
In a primary room in a city school the children were talking about the flight of the birds on the approach of winter. The teacher asked them how the birds knew when to start away. A little girl's hand went up and she replied, "Why, they see the cold wave flag."

**Daily Thought.**  
The invariable mark of wisdom is to see the miraculous in the common.—Emerson.

**College Heads Various Named.**  
Heads of colleges in British universities are variously known as wardens, masters, principals, rectors, provosts, presidents, deans and censors.

**About Sound Waves.**  
One of those scientists who are always developing apparent paradoxes in thought has come forward with the statement that sound itself is not extraneous, but exists only because of nerve. In other words, if the ears of the human race were removed tomorrow the world would be absolutely noiseless to humanity. The contention is that the sound waves, traveling at a rate of 1,090 feet a second, create invisible ripples in the air just as a pool ripples when a rock is thrown into it. The greater the force of these waves the louder the sound. But there is no noise until these sound waves strike the sensitive nerves of the ear. Thus, reverting to the original proposition, the air waves themselves would be noiseless did they not operate in conjunction with the human sense of hearing.

**Daily Thought.**  
True happiness consists not in the multitude of friends, but in their worth and choice.—Ben Jonson.

## HOW I CURED MY CATARRH

TOLD IN A SIMPLE WAY

Without Apparatus, Inhalers, Salves, Lotions, Harmful Drugs, Smoke, or Electricity.

Heals Day and Night

It is a new way. It is something absolutely different. No lotions, sprays, or sickly smelling salves or creams. No atomizer, or any apparatus of any kind. Nothing to smoke or inhale. No steaming or rubbing or injections. No electricity or vibration or massage. No powder; no plasters; no keeping in the house.

Nothing of that kind at all. Something new and different, something delightful and healthful, something instantly successful. You do not have to wait, and finger and pay out a lot of money. You can stop it over night—and I will gladly tell you how.

**I Am Free—You Can Be Free**

My catarrh was filthy and loathsome. It made me ill. It dulled my mind. It undermined my health and was weakening my will. The hawking, coughing, spitting made me obnoxious to all; and my foul breath and disgusting habits made even my loved ones avoid me secretly. My faculties impaired. I knew that in time it would bring me to an untimely grave, because every moment of the day and night it was slowly yet surely sapping my vitality.

But I found a cure and I am ready to tell you about it FREE. Write me promptly.

### RISK JUST ONE CENT

Send no money. Just your name and address on a postal card. Say: "Dear Sam Katz: Please tell me how you cured your catarrh and how I can cure mine." That's all you need to say. I will understand, and I will write to you with complete information, FREE, at once. Do not delay. Send postal card or write me a letter today. Don't think of turning this page until you have asked for this wonderful treatment that can do for you what it has done for me.
